[Android](#)

FINISH SETUP

Complete these steps for Chicago Heights.

- 4 Complete email verification when prompted, then return to the registration page.
- 5 Continue until the page confirms that Chicago Heights access is ready.
- 6 Open Inspection-Trac. When the app asks for a yard, select Main.

YOU'RE READY WHEN

Chicago Heights appears as an available facility and you can begin the assigned inspection workflow.

NEED HELP?

Inspection-Trac Support
support@inspection-trac.com

Include your work email, whether email verification is complete, and whether Chicago Heights appears after signing in.

FACILITY ADMIN

Registration is enabled automatically when a facility is created. To close it, open Facilities > Registration, clear "Accept registration from this link," and save.
