

VOYAGER FACILITY QUICK START

Scan. Sign in. Start inspecting.

Use this guide to get into Inspection-Trac fast and start working at Voyager.

SCAN TO REGISTER

Use your phone camera to open the secure **Voyager** registration page.

1

Install Inspection-Trac

Use the iPhone or Android installation link on the registration page or in this guide.

2

Create or access your account

Existing users choose **Sign in**. New users choose **Create account** and verify the email Auth0 sends.

3

Confirm your assigned facility

Return to the registration page after sign-in. Confirm it says **Voyager** before continuing.

4

Start your first inspection

Open Inspection-Trac and sign in with the same verified account. Your **Voyager** access loads during sign-in.

5

Get support

Inspection-Trac Support |
support@inspection-trac.com

BEFORE YOU OPEN THE APP

- ☒ The page says **Voyager**
- ☒ You used the same email to register and sign in
- ☒ New account email verification is complete

Safe to post and print: the QR code identifies Voyager only.

It contains no employee name, email, password, invitation, or permission.
